AUTHOR INSTRUCTIONS AND SUBMISSION PROCEDURE

The full text of the papers must be prepared using WinWord (within even number of pages) and cannot exceed 6 pages, including figures and tables.

A template and detailed instructions for authors are available at the conference website: <http://techsys.tu-plovdiv.bg>.

In order to easily format the paper in accordance with the requirements of the Board of Editors, please strictly follow the templates provided. Upon opening the selected templates, please, mark the sample title and write the title of your article instead. By doing this you will be able to keep the necessary font and size in accordance with the requirements for publication of articles in the Journal. Use the same procedure for the names of the authors, e-mails, university/organization and the body of the article.

Papers that fail to meet the requirements or the final deadline shall not be submitted for review.

The conference fee should be paid by direct bank transfer to the bank account of the Technical University Sofia, (with text "for TechSys '17 and the name of the author"):
