STUDY IN THE U.S.A

- Discover the amazing academic and social opportunities each school has to offer, from special study programs, unique clubs and sports, internships, job opportunities, and much more. Outside your studies, there are historical landmarks to visit, local cuisines to taste, and other students from around the world to meet as you learn. In each state, you'll find the potential for exciting experiences and incredible opportunities to learn, work, and grow, as a scholar and as a person. To learn more about participating institutions in a specific state or region, select a state on the website to view participating institutions.
