BAIA MARE

inginerie.utcluj.ro
Faculty of ENGINEERING

- Engineering of Flexible Manufacturing Systems (RO)
- Engineering and Management in the Electrical Field (RO)
- Engineering and Management in Power Engineering (RO)
- The Management of Innovation and Technology Development (RO)
- Environmental Risk and Impact Assessment (RO)
- Smart Systems in Internet of Things (RO)
- The Engineering of Materials Processing Technologies (RO)

litere.utcluj.ro
Faculty of HUMANITIES

- Romanian Literature and the European Modernism (RO)
- The Romanian Language in European Context (RO)
- English Literature for Children and Youth (RO)
- French Language in Specialized Translations (RO)
- Ethno-Tourism / Ethnology and Cultural Tourism (RO)
- Christian Theology and European Spirituality (RO)
- Social Care and Inclusion of the Elderly and the Disabled (RO)
- Human Rights (RO)
- Painting. Concept and Image (RO)
- Curriculum Design and Innovation (RO)

stiinte.utcluj.ro
Faculty of SCIENCE

- Chemistry for Laboratory Analysis (RO)
- Fundamental Mathematics for Education (RO)
- Applied Biochemistry (RO)
- Business Management (RO)
- The Management of European Projects (RO)
- Informatics and Software Engineering (RO)
- Food Science and Safety (RO)

Admission calendar

TECHNICAL UNIVERSITY OF CLUJ-NAPOCA

MEMBER OF

eut+
EUROPEAN UNIVERSITY OF TECHNOLOGY
NON-EU Citizens
MASTER
STUDY PROGRAMMES

FACULTIES

Faculty of
AUTOMATION AND COMPUTER SCIENCE

- Complements of Computer Science (RO)
- Advanced Process Control (RO)
- Applied Informatics (RO)
- Applied Informatics in Complex Systems Engineering (RO)
- Advanced Control of Manufacturing Processes (RO)
- Software Engineering (RO)
- Cybersecurity Engineering (EN)
- Artificial Intelligence and Vision (EN)
- Communication Networks and Distributed Systems (RO)
- Cyber Physical Systems (EN)
- Data Science (EN)
- Information Technology in Economics (RO)

Faculty of
AUTOMOTIVE, MECHATRONICS
AND MECHANICAL ENGINEERING

- Automotive and Environment (RO)
- Renewable Energies (RO)
- Reliability and Maintenance of Mechanical Systems (RO)
- Biosystems Engineering in Agriculture and Food Industry (RO)
- Mechatronic Systems Engineering (RO)
- Precision Engineering and Quality Management (RO)
- Transport Safety and Logistics (RO)
- Automotive Management and Control Systems (RO)
- Advanced Techniques in Automotive Engineering (EN)

Faculty of
CIVIL ENGINEERING

- Green Buildings (RO)
- Durable Concrete Structures (RO)
- Transport Infrastructure Engineering (RO)
- Geotechnical Engineering (RO)
- Structural engineering (double degree with the University of Bergamo, Italy) (RO)
- Artificial Intelligence in Civil Engineering and Management (EN)
- Project Management and Real Estate Assessment (RO)
- Advanced Design of Timber and Steel Structures (RO)
- Digital Topography in Construction and Cadastre (RO)

Faculty of
ELECTRONICS, TELECOMMUNICATIONS
AND INFORMATION TECHNOLOGY

- Integrated Circuits and Systems (RO)
- Electronic Engineering (RO)
- Artificial Intelligence and Signal Processing in Electronics and Telecommunications (EN)
- Image and Signal Processing (FR)
- Communications Integrated Systems with Special Applications (RO)
- Multimedia Technologies (RO)
- Technologies, Systems and Applications for e-Activities (RO)
- Telecommunications (RO)

Faculty of
MATERIALS AND ENVIRONMENTAL ENGINEERING

- Sustainable Development and Environmental Protection (RO)
- Engineering and Management of Advanced Materials Processing (RO)
- Engineering, Law and Economics of Sustainable Development (RO)
- Integrated Management of Natural Resources and Waste (RO)
- Eco-smart Materials in Sustainable Development (RO)
- Advanced Materials and Technologies (RO)
- Advanced Methods of Environmental Protection (RO)
- Sustainable Printing Systems (RO)
- Welding and Quality Assurance of Materials (RO)

Faculty of
BUILDING SERVICES ENGINEERING

- Building Services Engineering (RO)
- Building Services for Regenerative Cities (EN)

Faculty of
ELECTRICAL ENGINEERING

- Modern Power Systems Management (RO)
- Electric Mobility Systems (RO)
- Monitoring and Control Systems in Electrical Engineering (RO)
- Applied Engineering Sciences in Medicine (RO)
- Modern CAD Methods in Electrical Engineering (RO)
- Advanced Electrical Systems and Structures (RO)

Faculty of
INDUSTRIAL ENGINEERING, ROBOTICS
AND PRODUCTION MANAGEMENT

- Entrepreneurship (RO)
- Industrial Design (RO)
- Digital Manufacturing (RO)
- Quality Engineering and Management (RO)
- Engineering and Management of Technological Resources in Industry (RO)
- Virtual Engineering and Competitive Manufacturing (RO)
- Virtual Engineering and Competitive Manufacturing (RO | EN)
- Artificial Intelligence in Industrial Production (EN)
- Management and Engineering in Business (RO)
- Technical Project Management (RO)
- Management of Logistic Systems (RO)
- Innovative Production Processes and Technological Management (DE)
- Computer Aided Design of Manufacturing Systems (RO)
- Robotics (RO)
- Robotics (EN)
- Advanced Manufacturing Technologies (RO)
